EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Indru Primlani on September 6, 2005.

The application has been amended as follows:

Claim 7 has been amended as set forth below:

- Claim 7 (Three Times Amended). Apparatus for producing power from combustion of fuel, which comprises:
 - a. a plurality of gas reactors, each said gas reactor having an elongated sealed housing of constant volume, inlets and outlets at opposite ends thereof, means for thermally insulating said housing and means for propagating a modulated flame within said housing;
 - b. first conduit means communicating with said inlets for feeding a pressurized Oxygen-containing gas and then a combustible fuel to the interior of said reactors to form a combustible mixture therein;

Art Unit: 3746

c. second conduit means communicating with said outlets for exhausting gaseous combustion products from [aid] said reactors at a first predetermined range of elevated temperature and pressure;

d. means for producing work by expansion of gases, said work-producing means having inlets and outlets and third conduit means providing fluid communication between [aid] said gas reactor outlets and said work-producing means inlets;

e. first control means for operating said gas reactors to provide substantially continuous flow of exhausted gaseous combustion products to said work producing means alternately and sequentially from said gas reactors; and

f. mixing means for admixing a secondary gas with said combustion products to form an admixture of gases at a second predetermined range of temperature and pressure lower than said first predetermined range, said mixing means being between said gas reactors and said work-producing means, and means for feeding said admixture to said work-producing means.--

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles G. Freay whose telephone number is 571-272-4827. The examiner can normally be reached on Monday through Friday 8:30 A.M. to 5:30 P.M..
